SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Hon. Commissioner for Patents  
Alexandria, VA 22313-1450

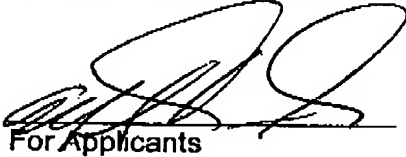

?  
Sir:

In accordance with 37 C.F.R. 1.98 copies of the following patents and/or publications are submitted herewith:

Gerd Goldmann: "Das Druckerbuch", October 1999, pp. 1-10, previously submitted in an IDS dated May 1, 2002.

The German document describes a digital printer system and a controller for a printer system also including a raster module. This raster module has several memories in order to process several pages in parallel. The raster module also includes CPUs with coprocessors and DMA modules defined as "direct memory access". The German document shows an overview of a hardware structure that is able to process images through a raster image processor in parallel. This document does not disclose the way the data are stored in the memory of the raster image processor.

Respectfully submitted,

For Applicants
